

IN THE SPECIFICATION

Page 7, last paragraph which continues on page 8:

Figure 6 shows a tridimensional view of a plurality of tanning modules 19 with a housing 20 and the frame system of the invention. On the far left is shown a tanning module 19 with the frame system closed. In the center is a tanning module 19 with the frame system open including the tanning radiator, wherein the reflector 21, the lower plate 2 and the first radiation filter 7b can be seen. At the right end is shown a tanning module 19 without a radiation filter in the frame system and without a tanning radiator. All three tanning modules 19 are provided with air exhaust hoses 22 33.
